

Meridian

HANDMADE IN BRITAIN

# Manhattan

---

*As far as occasional chairs go, this one is a real show stopper. Its aesthetically pleasing shape and high attention to detail would suit any setting.*

---

## MADE BY MERIDIAN

*Our CNC Precision cut birch ply frames are fitted with solid timber rails on all load bearing areas, before a generous number of steel serpentine springs are attached using solid steel clips.*

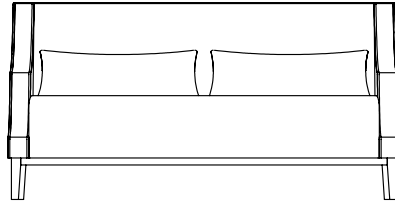

*Only the finest quality foam grades are used to pad and shape the frame before our hand cut meticulously sewn covers are upholstered by a single upholsterer to ensure ownership pride and care can be taken on each piece.*

---

## TECHNICAL INFORMATION

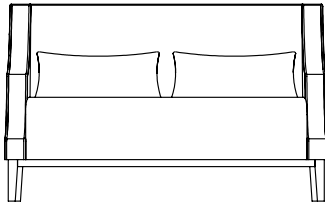

- *Piped arms and outside back*
- *Loose fibre filled bolster*
- *Detachable timber plinth*
