

Meridian

HANDMADE IN BRITAIN

Miami

The Miami is a stylish take on a classic design, its sumptuous deep seats and intricate detailing can create a real focal point that takes pride of place in any environment.

MADE BY MERIDIAN

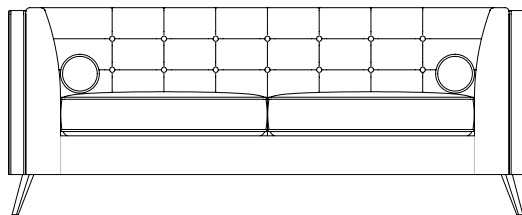

Our CNC Precision cut birch ply frames are fitted with solid timber rails on all load bearing areas, before a generous number of steel serpentine springs are attached using solid steel clips.

Only the finest quality foam grades are used to pad and shape the frame before our hand cut meticulously sewn covers are upholstered by a single upholsterer to ensure ownership pride and care can be taken on each piece.

TECHNICAL INFORMATION

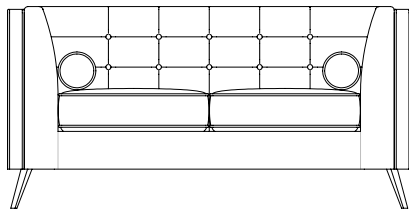

- Shallow pulled button backs and arms
- Removable piped reflex seat cushions
- Detachable legs
- Piping details to tops of arms and outer edges
